A WOMAN'S EYES.
"There was a man in our town, and he was a wonderful man. He had a perfect skin. To catch a woman's eyes."
But he didn't know what would give him a perfect skin until she persuaded him to try Dr. David's Iodo-Ferrated Sarsaparilla and now he is as happy as he is wise. What a woman doesn't know about such matters isn't worth knowing. David's Sarsaparilla cures all blood and skin diseases. For eczema, scrofula and syphilis it has no equal. For sale at A. F. Hargrave's, Tazewell, and C. W. Greener's, Graham, Va.

JOHN ROBINSON'S GREAT WORLD'S EXPOSITION.

NOTABLY AUGMENTED FOR THE PRESENT TESTING SEASON.
Probably the most colossal as well as the most nervy amusement venture of the day is that inaugurated this season by the management of the John Robinson show—a venture requiring an expenditure so enormous that a statement of the amount would scarcely be credited by the general reader. We allude to the production on a scale of magnitude and opulent splendor never presented of the new biblical spectacle of Solomon, his Temple and the Queen of Sheba, a spectacle prolific in grand scenic effect, impressive in pomp and pageantry, realistic in its reproductions of the patriarchal era, sacred in its biblical associations and entrancing in its ballets, poses, marchings and groupings. The visit of the Queen of Sheba to King Solomon's court, with her immense and richly costumed retinue, the Judgment of Solomon, the Sacrifices in the Temple, Solomon's Seven Hundred Wives, the grand Processional Pageant to meet and welcome Sheba's lovely Queen, the Walls and City of Jerusalem, the Inner Court of Solomon's Temple, the Great Throne of Ivory, the Sacrificial Ceremonies, the Sacred Ark of the Covenant, the bewitching Ballets of lovely Cresset Girls, and myriad features that cannot be given in detail, are the attractions of this wonderful spectacle. With such a desirable feature added to the admirable Circus, the vast Menagerie, and the royal Roman Hippodrome, the many canvasses, spacious as they are, should and will be packed from center to circumference by eager and gratified spectators each afternoon and evening. The show will exhibit at Tazewell Thursday, May 17.

PETERSBURG, Va., May 7.—P. R. Farley, a well known citizen of Emporia, Greensville county, and ex postmaster at that place, was arrested there this afternoon on the charge of having set fire to his dwelling on the night of April 30 last. The fire communicated to other buildings, and the result was that a large portion of the business part of the town was laid in ashes, entailing a loss of over \$50,000. Shortly after the fire occurred detectives were employed to work up the case, and the result was that Farley was arrested. Emporia is about 40 miles from Petersburg, on the line of the Petersburg and Weldon railroad.

Bessie H. Bedloe, Burlington, Vt., had a disease of the scalp, causing her hair to become very harsh and dry, and to fall so freely that she scarcely dared to comb it. Ayer's Hair Vigor gave her a healthy scalp, removed the dandruff, and made the hair thick and glossy.

A HOUSEHOLD TREASURE.

D. W. Fuller, of Canajoharie, N. Y., says that he always kept Dr. King's New Discovery in the house and his family have always found the very best results follow its use; that he would not be without it, if procurable. G. A. Dykeman, Druggist, Catskill, N. Y., says that Dr. King's New Discovery is undoubtedly the best cough remedy; that he has used it in his family for eight years, and it has never failed to do all that is claimed for it. Why not try a remedy so long tried and tested. Trial bottles free at A. F. Hargrave's Drug Store. Regular size 50c. and \$1.00.

THE COST OF THE STRIKE.

While the stubborn conflict between coal strikers and operators goes on the soft coal miners are losing every day in wages over \$100,000. President McBride himself claims that there are in the country 150,000 idle miners. Since the strike began, two weeks ago, the loss in wages is estimated at \$1,500,000. The loss in output is 2,880,000 tons, the value of which at the places of consumption would be not far from \$7,000,000. To this must be added the loss of earnings by the railroads, which in many cases has caused large reductions of the forces of trainmen. Many large manufacturing places are being closed on account of the lack of fuel, and the employees in these factories and mills are losing their wages also. In round numbers the total loss so far has exceeded \$9,000,000.

BRECKINRIDGE.

Paris, Ky., May 7.—Five thousand people crowded around the court house of this little city, today to hear W. C. P. Breckinridge speak. He had come up on the invitation of 400 of his followers, who were the first to send him a cheering word during his recent trial. Of this immense audience fully 3,000 crowded into the court house and took in every word he said, while the others, like an animated wall, got as close as they could and cheered wildly at every opportunity.

Colonel Breckinridge arrived from Lexington with 600 others early in the morning and without straining the truth in the slightest it must be said he was accorded an ovation.

Breckinridge's speech was much the same as that delivered at Lexington Saturday, but was much bolder, showing plainly that he feels encouraged and more certain of his footing. His attack upon the press and the ministerial union of Lexington, which is fighting him, was the most brilliant and dramatic display of denunciatory oratory ever heard in the Ashland district.

At the conclusion of Col. Breckinridge's speech he introduced Hon. Evan Settle, who, with Hon. W. C. Owens, is opposing him. Mr. Settle was deliberate, keen and caustic. He began by saying that he had lots of sins and might confess them if he just had a cue as to which was most likely to draw the people to him. In view of this doubt he was at a serious disadvantage. This reference to the colonel excited him noticeably. Then gliding smoothly along for some time Mr. Settle returned to the colonel and dealt him several blows that made him wince.

"I come to you unheralded," said he, "hampered by youth and the lack of an illustrious name. But I would rather be one of an obscure, but honest, family than have the distinction of bearing unworthily the name of a distinguished ancestry."

The excitement during his delivery of this and other pointed references to the Breckinridge scandal was intense, and though the audience was largely against him, there were many anti Breckinridge men present who made themselves heard.

A Bright Lad,

Ten years of age, but who declines to give his name to the public, makes this authorized, confidential statement to us:
"When I was one year old, my mamma died of consumption. The doctor said that I, too, would soon die and all our neighbors thought that even if I did not die, I would never be able to walk, because I was so weak and puny. A gathering formed and broke under my arm. I hurt my finger and it gathered and threw out pieces of bone. If I hurt myself so as to break the skin, I was sure to become a running sore. I had to take lots of medicine, but nothing has done me so much good as Ayer's Sarsaparilla. It has made me well and strong."
